

## **Autotask and Novera Partner to Provide Easy Payment Acceptance**

*U.S. Clients Gain Ability to Process Customer Payments on Multiple Devices*

**East Greenbush, NY—February 25, 2013—**[Autotask Corporation](#), the world's leading provider of hosted IT business management software, today announced a strategic partnership with [Novera Payment Solutions, LLC](#). Subscribers to the Autotask product suite will now have the ability to receive credit and debit card payments via an easy to understand flat fixed fee or flat rate pricing program which integrates with QuickBooks via a plugin.

“By utilizing a flat fee or flat rate pricing structure, Autotask clients can be assured that they will never pay more than they should for merchant processing services,” said John Wisniewski, Director of Business Development, Novera. “We’re excited about joining Autotask in their efforts to provide their clients with solutions that help them grow, collect payments more efficiently and ultimately succeed.”

As part of the new partnership agreement, Novera will now offer Autotask customers a transparent, flat fixed monthly fee or bundled rate pricing model that can remain in effect for the life of the account. This is part of Novera's suite of services and unique commitment to price transparency that is unparalleled in the payment processing industry.

“Our partnership with Novera is another example of our commitment to providing innovative technology solutions that help our customers provide superior service to their clients,” said Len DiCostanzo, Senior Vice President of Community and Business Development, Autotask. “We know how critical it is for our customers to process secure payments in real-time and Novera delivers this capability in a unique way across multiple devices.”

Additionally, Novera will provide Autotask clients the opportunity to access innovative tools and strategies like virtual terminals and specialized mobile payment technologies that will enable anyone to accept payments via mobile device or website portal.

Readers are invited to a complimentary, 1-hour webinar on March 7th, 2013 at 1pm US EDT. For more information or to register for this webinar, please visit <http://www.autotask.com/WebinarRegistration/index.aspx?w=637386673&source=ew-pinv-novera-030713>.
